**A** Like flags on the land

**D** Who's at fault is not important **A**

Good intentions lie dormant **G**

And we're all to blame **D**

**D** While apathy acts like an ally **A**

My enemy and I are one and the same **G** **D**

**Em** I don't know why the innocents fall

**Bm** While the monsters still stand

**Em** And our lives blow about

**A** Like flags on the land

**Em** I don't know why our words are so proud

**Bm** Yet their promise so thin

**Em** And our lives blow about

**A** Like flags in the wind
