

# Brunno Monteiro - Novo Modo

Tom: **D**

Intro: **A**

Quando acabou a luz

e nossas mãos desceram frouxas

As folhas encobrindo as ruas

E pedras atrasando o nosso andar

**A**  
Dono do meu próprio barco

Fui procurar o meu caminho

Fiz que esqueci

mas você fica, sempre fica

Ecoando...

**Bm** **Gbm**  
Entre sins e não talvez

precise mudar

para me encaixar

É o que eu tenho pra lhe dar

meu novo modo de de amar

Lara Lara lara

Percuso curto,

do abraço ao seu pescoço

**A**  
Turbulências são apenas

**Gb7**

nuvens no caminho

**Bm** **G** **A7**

Depois da tempestade a estrada continua

e a saudade...

**A**  
E sem meus erros, o que eu seria?

E sem romper eu estaria

Na mesma velha via, que seguia

E nos consumia...

**Bm** **Gbm**  
Entre sins e não talvez

eu possa encontrar

Um lugar onde o azul

não fique só no mar

E me solte pelo ar

**G** **Em**

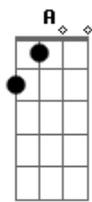

**G** **Gb7**

**G** **Em**

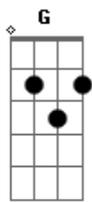

**G** **Gb7**

**G** **Gbm**
