

# Bruno Martini - Road

Tom: D  
Intro: B

I'm walking down the road of lonely hearts  
Wondering how love can do us part  
Sometimes I think that we were meant to be  
Living in the world of fantasy

Well, don't you know you gotta go all the way down the road  
Feel the sun, baby, heating your soul  
Learn how to live with your highs and your lows  
I'm on your side

Well, don't you know you gotta go all the way down the road  
Feel the sun, baby, heating your soul  
Learn how to live with your highs and your lows  
I'm on your side

Well, don't you know you gotta go  
All the way down the road

Well, don't you know you gotta go (ooh-ooh, ooh-ooh)  
All the way down the road (ooh-ooh, ooh-ooh)

I'm standing on the line waiting on the cure  
Worried if I might ever shine this pure  
And somehow I thought that I'd find you anywhere you run  
But walking after you haven't felt so fun

Well, don't you know you gotta go all the way down the road  
Feel the sun, baby, heating your soul  
Learn how to live with your highs and your lows  
I'm on your side

Well, don't you know you gotta go  
Ooh-ooh, way down the road  
Well, don't you know you gotta go (ooh-ooh, ooh-ooh, ooh-ooh)

Ring the bell  
All the way down the road

## Acordes
