Oh, thinking about our younger years  
C Am G  
Dm Am  
There was only you and me

We were young and wild and free

Now nothing can take you away from me  
C Am G  
Dm Am  
We've been down that road before  
Dm  
But that's over now  
G  
You keep me coming back for more

Baby, you're all that I want  
F G Am  
C F  
When you're lying here in my arms  
C Am  
I'm finding it hard to believe  
G  
We're in heaven

And love is all that I need  
F G Am  
C F  
And I found it there in your heart  
G Am  
It isn't too hard to see  
G  
We're in heaven

Oh, once in your life you find someone  
C Am G  
Dm Am  
Who will turn your world around  
Dm G  
Bring you up when you're feeling down

Yeah, nothing could change what you mean to me  
C Am G  
Dm Am  
Oh, there's lots that I could say  
Dm  
But just hold me now  
G  
'Cause our love will light the way

And baby you're all that I want  
F G Am

When you're lying here in my arms  
C F  
G Am  
I'm finding it hard to believe  
G  
We're in heaven

Yeah, love is all that I need  
F G Am  
C F  
And I found it there in your heart  
G Am  
It isn't too hard to see  
G  
We're in heaven

Yeah

I've been waiting for so long  
Dm F  
C Am  
For something to arrive  
Dm G  
For love to come along  
Dm F  
Now our dreams are coming true  
C Am  
Through the good times and the bad  
G  
Yeah, I'll be standing there by you, oh

And baby you're all that I want  
F G Am  
C F  
When you're lying here in my arms  
G Am  
I'm finding it hard to believe  
G  
We're in heaven

And love is all that I need  
F G Am  
C F  
And I found it there in your heart
