[Verse 1]

Well I made up my mind

Not gonna let you get away

Yeah, to think that I'm the lucky guy

Well, I've almost got it made

[Pre-chorus]

'Cause it's been so long since I've felt so strong

About anyone at all

I get so excited, I ain't gonna fight it

I think I might be fallin' in love

[Chorus]

So come on, let's get it right

(Get it right) Oh, 'cause you're the only one

Come on, we ain't got all night

(Got all night) Yeah, 'cause you're the only one now

[Verse 2]

Last night

Well I thought you mighta stayed

If I'd a' had the guts I woulda pushed my luck

But then you mighta turned away

[Pre-chorus 2]

Oh, how do I explain, I know it sounds insane

But I've been through this before

In just a matter of time, you could change your mind

You could turn and walk right through that door

[Chorus]

So come on, let's get it straight

(Get it straight) 'Cause you're the only one

Come on, I just can't wait

(Just can't wait) Yeah, 'cause you're the only one now
