

# Buckcherry - Rose

Tom: **G**

//Verse 1

**D**  
Started out with nothing but a  
**G**  
Beat up car and a new beginning  
**C** **G** **D**  
And inside everything seemed out of reach  
**D**  
Saw you there and you filled my eyes  
**G**  
Sent shivers up and down my spine  
**C** **G** **D**  
I knew right then that you were meant for me  
Oh yeah

//PreChorus 1

**Bm**  
I drive all night  
**A**  
Thought about those days  
**G**  
When the life I loved started slipping away  
**Bm** **A**  
Stayed on track and I don't look back  
**C** **G**  
It took so long just to get it started

/horus 1

**D** **Bm**  
Give me what I want  
**A** **G**  
It's all about love and not about money  
**D** **Bm**  
I don't want to stop  
**A** **G**  
I'll never give up it's sweeter than honey

**Bm** **A**  
I can't be here by myself  
**G** **C**  
'Cause to me there's no one else  
**D** **A**  
You're as pretty as a rose  
**G** **D**  
I can't live without you

//Verse 2

Back out on the road today  
The semi trucks and the nights on stage  
I got so many good time memories

Left a lot friends behind  
And still I kept this dream alive  
To live the life I feel inside of me  
Oh Yeah

//PreChorus 2

I drive all night  
Thought about those days  
When the life I loved started slipping away  
Stayed on track and I don't look back  
It took so long just to get it started

/horus 2

Give me what I want  
It's all about love and not about money  
I don't want to stop  
I'll never give up it's sweeter than honey

**Bm** **A**  
I can't be here by myself  
**G** **C**  
'Cause to me there's no one else  
**D** **A**  
You're as pretty as a rose  
**G**  
I can't live without you  
/ridge  
**G**  
I can't stop thinking about you  
**A**  
I can't stop thinking about you (a brief solo)

//PreChorus 3

I drive all night  
Thought about those days  
When the life I loved started slipping away  
Stayed on track and I don't look back  
It took so long just to get it started

/horus3

Give me what I want  
It's all about love and not about money  
I don't want to stop  
I'll never give up it's sweeter than honey

I can't be here by myself  
'Cause to me there's no one else  
You're as pretty as a rose  
I can't live without you

(and end on **G** )
