

# Bukahara Trio - My Name

tom:  
G

I've been high and I have been low  
So low that I could see the ground

And I have loved and I have been loved

Enough to know how happy one can be

Can someone take away my name

And let me go back to the start

I would give to you my story

If you let me keep my heart

To someone wanna have my thoughts

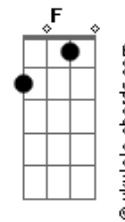

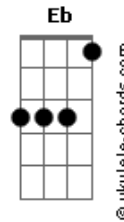

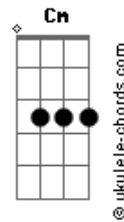

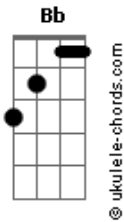

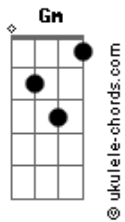

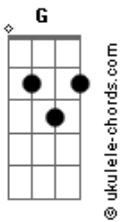

And play my part

I give to you my story

If you let me keep my heart

( Gm Bb Cm Gm )

## Acordes

I've been walking, walk for hours  
So long that I forgot my home

I've been dancing under old trees  
Like I've never danced before

Can someone take away my name

And let me go back to the start

I would give to you my story

If you let me keep my heart

To someone wanna have my thoughts

And play my part

I give to you my story

If you let me keep my heart

[Final] Gm Bb Cm Gm
