

## Bullet Bane - Anchorage (Acústico)

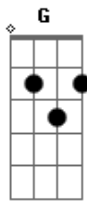

Tom: G

(Trust me)  
My friend we are true  
We stand face to face  
They criticize a life  
They dont live

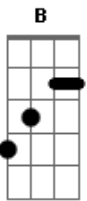

Dont put back who you are  
Nobody knows a thing you kept inside  
Given blast don't lose your wisdom  
Given humility don't lose respect  
Freedom  
We seek how to feel it

Money never proves you're better than anyone  
Arrogant, why are you so arrogant?  
You reach your fall too deep on  
If you don't  
You reach your fall  
You reach your fall  
Freedom  
We seek how to feel it  
We feel it and hold onto it  
We feel it and hold onto it  
Stand firm, drop the anchor  
Stand firm, drop the anchor
