

# Burning Steel - Into The Void

tom: Dbm

[Primeira Parte]

Oh, when the lights come down  
And the stars shine so far away  
I'll still be looking for a sign  
Through the night  
?Cause I need to find my way

[Pré-Refrão]

So here I stand in twilight  
The Sun will rise once more  
Then my time has gone

[Refrão]

I'm still on a road to nowhere  
And it's so hard to stay awake  
I know it would be easier to move on

A B Dbm  
But I'm so close to the edge

[Segunda Parte]

I searched for so long  
Far beyond the universe  
But now I understand  
I'm a pilgrim into the void  
I want to go until the end

[Refrão Final]

A B Dbm  
It's time to leave the maze  
Better days are coming for me  
Don't let the Sun go down again  
I can see it all so clear  
?Cause now I found my way
