

Burning Tangerine - Burning Tangerine

tom:
Ab (forma dos acordes no tom de A)
Afinação: Eb Ab Db Gb Bb Eb

I just wanna know why
I feel so happy when you cry
Nothing makes me more satisfied
Than, watching you die

Feel like a burning tangerine
And there's poison in my veins
And my best friend is ignorance
And nothing can change me, no, no
(A Db D)

And I just wanna know why
It feel so good when you cry
Nothing makes me more satisfied
Than, watching you die

Feel like a burning tangerine
And there's poison in my veins
And my best friend is ignorance

And nothing can change me, no, no

No, no
And my best friend is toxicity
No, no
No, no
And my best friend is toxicity

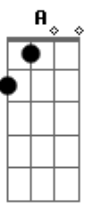

Feel like a burning tangerine
And there's poison in my veins
And my best friend is ignorance
And nothing, nothing
Nothing can change

Like a burning tangerine
(Burning tangerine)
And there's poison in my veins
(Poison in my veins)
And my best friend is ignorance
(Best friend is ignorance)
And somebody please
Save me from myself
