

Caetano Veloso - Cantiga de Boi

Tom: A

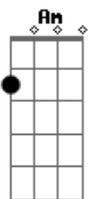

Meça a cabeça do boi
 Um CD colado à testa
 Adornaram-no pra a festa
 Do que foi desça à metade
 Do que eternamente nasce
 Na face que é iridescente
 Ó gente, dá-se a cidade
 Abra a cabeça do boi
 Por trás do CD um moço
 Nesse cabra uma serpente
 Cobra lá dentro do osso
 Posso não crer na verdade
 Mas ela dobra comigo

Abrigo em mim a cidade
 Cantiga de boi é densa
 Não se dança nem se entende
 Doença, cura e repente
 E desafio ao destino
 Menino já tem saudade
 Do que mal surgiu à frente
 Alma, CD, boi, cidade
 Purificação do adro
 O quadro produz-se ali
 Luz o paralelepípedo
 Límpido cristal de olhar
 Grécia, Roma e Cristandade
 O CD refrata o tempo
 Templo-espaço da cidade
