

Caetano Veloso - Nature Boy

Tom: F

(intro) Em7 A7 A7

There was a boy

A very strange enchanted boy

They said he wandered very far, very far

Over lands and seas

A litte shy and sad of eyes

But very wise was he

And then one day

A magic day he passed my way

And while we spoke of many things

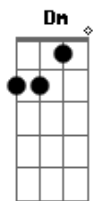

Fools and kings

This he said to me

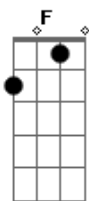

"The greatest things you'll ever learn

Is just to love and be loved in return "
