

Cage The Elephant - Too Late To Say Goodbye

Tom: **G**

Intro: **Em B**

Verse:

Em **B**
Oh my precious ember burning my sweet glowing light
C
From the moment I first saw you I was yours and you were mine
Em **B**
Deep down we both knew you were trouble by design
C **B**
And the echo of my mother's words baby don't you play with fire

Prechorus:

Em **D**
I was always playing that part
Em **D**
first love always at that spot
Em **D** **B**
There was no way changing my mind

Chorus:

Hold **B** **Em** **C**
Now I'm under your spell, trapped in a lie
D **B**
Shouldn't have stood that close to the fire
Em **C**
No turning back, no where to run
D **B**
No where to hide, it's too late to say goodbye
Em **C** **D** **B**
Push back from my heart, wish we go back to the start
Em **C** **D**
But oh my God is this real no more time
B
it's too late, it's too late to say goodbye
