

# Cage The Elephant - Too Late To Say Goodbye

Tom: **G**

Intro: **Em B**

Verse:

**Em** **B**  
Oh my precious ember burning my sweet glowing light  
**C**  
From the moment I first saw you I was yours and you were mine  
**Em** **B**  
Deep down we both knew you were trouble by design  
**C** **B**  
And the echo of my mother's words baby don't you play with fire

Prechorus:

**Em** **D**  
I was always playing that part  
**Em** **D**  
first love always at that spot  
**Em** **D** **B**  
There was no way changing my mind

Chorus:

Hold **B** **Em** **C**  
Now I'm under your spell, trapped in a lie  
**D** **B**  
Shouldn't have stood that close to the fire  
**Em** **C**  
No turning back, no where to run  
**D** **B**  
No where to hide, it's too late to say goodbye  
**Em** **C** **D** **B**  
Push back from my heart, wish we go back to the start  
**Em** **C** **D**  
But oh my God is this real no more time  
**B**  
it's too late, it's too late to say goodbye  
( **Em B** )

Verse:

**Em** **B**  
I can hear the sounds of sirens circling around  
**C** **B**  
Forced to watch the ashes floating softly drifting to the ground

**C** **B**  
And the echo of my mother's words baby don't you play with fire
