

Cage The Elephant - Too Late To Say Goodbye

Tom: G

Intro: Em B

Verse:

Em B
Oh my precious ember burning my sweet glowing light
C B
From the moment I first saw you I was yours and you were mine
Em B
Deep down we both knew you were trouble by design

And the echo of my mother's words baby don't you play with fire

Prechorus:

Em D
I was always playing that part
Em D
first love always at that spot
Em D B
There was no way changing my mind

Chorus:

Hold B Em C
Now I'm under your spell, trapped in a lie
D B
Shouldn't have stood that close to the fire
Em C
No turning back, no where to run
D B
No where to hide, it's too late to say goodbye
Em C D B
Push back from my heart, wish we go back to the start

But oh my God is this real no more time

it's too late, it's too late to say goodbye
