

# Calum Scott - Rise

tom:

**Bb**

I've been staring at the coastline **Bb**  
Thinking of every choice I've made **Gm**  
To lead me here right now **Eb**  
Standing on solid ground **F F**  
And I've been hiding in the shadows **Bb**  
Wondering if I'm on the right road **Gm**  
Some place I've never been **Eb**  
Is this how it all begins? **F F**

Oh-oh

Cause I've got my best suit on and I'm ready **Bb**  
I've got my sleeves rolled up and I'll be on my way **Gm Eb**  
While my heart's thumping, boom-boom, boom-boom **F F**

You're gonna see me rise **Bb Gm**  
Oh, and rise, rise, rise, rise **Eb F F**

For every valley, there's a mountain **Bb**  
For every answer, there's a new question **Gm**  
Is it worth all this? **Eb**  
I'm pushing myself to the edge **F F**  
Cause we're all looking for a reason **Bb**  
Find a shelter from the storm within **Gm**  
Just keep your eyes ahead **Eb**  
**F F**

And dust yourself off again

Oh-oh

Cause I've got my best suit on and I'm ready **Bb**  
I've got my sleeves rolled up and I'll be on my way **Gm Eb**  
While my heart's thumping, boom-boom, boom-boom **F F**

You're gonna see me rise **Bb Gm**  
Oh, and rise, rise, rise, rise **Eb F F**

Oh, 'cause I've got my best suit on and I'm ready **Bb**  
I've got my sleeves rolled up and I'll be on my way **Gm Eb**  
While my heart's thumping, boom-boom, boom-boom **F F**

You're gonna see me rise **F Eb**  
You're gonna see me rise **F Gm**  
Not how you fall back down **F Bb**  
But how you get back up **Bb**  
Before you hit the ground **F F**

You're gonna see me rise **Bb Gm**  
Oh, rise, rise, oh rise, yeah **Eb F F**

(Oh, rise, rise, rise) **Bb Gm**  
You're gonna see me rise **Eb**  
(Rise, rise, rise) **F F**  
You're gonna see me rise **Bb**
