C
You say you're okay, but I saw that you liked it
Dm
2 AM and faded, I know that's when you like it
Em
Know that's when you miss me, know that's when you crying

Am
Why you, why you, why you checking if you're over it?
C
Why you, why you say "Let go" if you're still holding it?
Dm
Just a little bit better at faking it than me, baby
Em
Just a little bit better at faking it than me, baby
Am
Why you, why you, why you checking if you're over it?
