Calvin Harris - Hard To Love

Tom: G
Intro: Gbm   D   G7   D

```
   Gbm
I don't like to talk, but I love to sing
    D
And I don't smoke, but I love to drink
     G7
I'm paranoid, I don't miss a thing
     D
But I'm still nice, at least that's what I think
Gbm
Fall in love, like I'm a freak
           D                         G7           D
But then I pull out, and say, "I need freedom, I need freedom"

        Gbm
I guess I'll take it, heartbreaker
                     D
A title, I can't shake it, can't fake it
         G7
I guess I'll take it, heartbreaker
                     D
A title, I can't shake it, can't fake it

        Gbm
Baby, I'd rather be hard to love
D                          G#dim7
Than easy to leave, you should believe me
             D
Haven't you needed me?
Gbm
I'd rather be hard to love
D                          G7
Than easy to leave, you should believe me
             D
Haven't you needed me?

Gbm
'Course you love me, you don't know me
             D
But I got news for you, I came broken
G7
Ego issues, my head is swollen
D
I got a million chips on my shoulder
Gbm
But if you stick this by all I shoulder
D                   G7      D
Maybe you don't need freedom, freedom

        Gbm
I guess I'll take it, heartbreaker
             D

Go deeper, go deep

                             D
I like being ugly, that way if they love me

I know that they love me for real
