

# CamelPhat - Breathe

tom:

Intro: F G Am G

You're hurting so much  
I need you to breathe again  
You have been hurting so much  
I need you to breathe again

Skin, I'm Folding  
Come in, my friend  
You feel unsteady  
But I won't bend

You're hurting so much  
I need you to breathe again  
You have been hurting so much  
I need you to breathe again

(F G Am G)  
(F G Am G)

F G Am G

We tear our demon  
You feel no pain  
In the sweet surrender  
Alive again

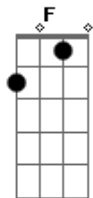

You're hurting so much  
I need you to breathe again  
You have been hurting so much  
I need you to breathe again

You're hurting so much  
I need you to breathe again  
You have been hurting so much  
I need you to breathe again

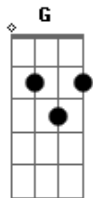

(F G Am G) 2X

You're hurting so much  
I need you to breathe again  
You have been hurting so much  
I need you to breathe again
