

# Camila Cabello - First Man

tom:

Intro: G C

Em G C  
Yes, I'm gonna stay with him tonight  
Em G C  
I'll see you in the mornin'  
Em G C  
No, of course he won't drink and drive  
Em G C  
Can you say bye to mom for me?  
Em G C  
Oh, you'll like him, he's really kind  
Em G C  
And he's funny like you sometimes  
Em G C  
And I found someone I really like  
Em G C  
Maybe for the first time

D  
No, I don't need a jacket  
Em C Em  
It's not that cold tonight  
D  
And you worry, I get it  
Em C  
But he's waitin' outside

G C  
I swear on my heart that he's a good man  
Em D  
I know you'll stay up late just waitin' for me  
G C  
You held me so tight, now someone else can  
Em D G  
But you were the first man that really loved me

Em G C  
Now you're driving to the airport  
Em G C  
Not just me you pick up anymore  
Em G C  
I've got eight days off comin' up  
Em G C  
And I can only come home for four

D  
Yeah, I just met his family  
Em C Em

They're just like you and mom (Oh)  
D  
He makes me really happy  
Em C Em  
I think he might be the one, oh

G C  
I swear on my heart that he's a good man  
Em D  
I know you'll stay up late just waitin' for me  
G C Em  
You held me so tight, now someone else can  
D G  
But you were the first man that really loved me  
C Em  
Now you're on the driveway, faking a smile  
D G  
You wish you could tell him he doesn't deserve me  
C Em  
So I had to stop the car and turn around  
D G  
To tell you you were the first man that really loved me

C  
Ah, ah, ah  
Em  
Ah, ah, ah  
D  
Ah

G C  
And before they open up the doors  
Em D  
I say, "I've never seen you cry before"  
G C  
You say, "You've never looked so beautiful  
Em D  
You know you'll always be my little girl"

G C  
You're looking at me while walking down the aisle  
Em D G  
With tears in your eyes, maybe he deserves me  
C Em  
You don't even know how much it means to me now  
D G  
That you were the first man that really loved me  
C Em  
Oh, really loved me  
D  
Oh, you really love me

## Acordes
