

Campanha da Fraternidade - Amanhecer

tom:

G

Vibra uma canção

De esperança e alegria

Surge no horizonte

O raiar de um novo dia

[Refrão]

Canta, dança, entra na festa

Sente a alegria de viver

Olha o céu sorrindo

Vê a beleza deste renascer

Canta, dança nesta ciranda

B Em A D

Sonha de novo sem temer

Vai à cidade

Leva a notícia deste amanhecer

No olhar do povo

Brincam risos de criança

Mãos se entrelaçam

Recriando a confiança

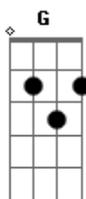

Livre canta o vento

Boa nova de amizade

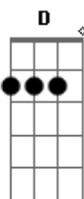

Brilha a paz na terra

Nasce nova humanidade
