

Candeia - Ouro Desça do Seu Trono

tom: F

Ouro desça do seu trono venha ver o abandono
 De milhões de almas aflitas (como gritam)
 Sua magestadea prata mãe ingrata indiferente fria
 Sorri da nossa agônia

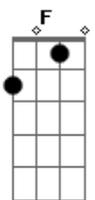

Diamante safira e rubi são pedras valiosas
 Mais eu não troco por ti por que és mais preciosa
 De tanto ver o poder prevalecer nas mãos do mal

O homem deixa se vender a honra pelo viu metal

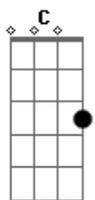

Ouro desça do seu trono venha ver o abandono
 De milhões de almas aflitas (como gritam)
 Sua magestadea prata mãe ingrata indiferente fria
 Sorri da nossa agônia

Nessa terra sem paz com tanta guerra
 A Hipocrisia se venera o dinheiro que impera
 Sinto minha alma tristôinha de tanto vê falsidade
 E muitos já sentem vergonha do amor e honestidade
