

Candy Claws - Into The Deep Time One Sun

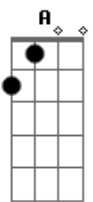

tom:
 Wild wind, hid-den lands
 Parched ri-verbeds, harsh de-sert land
 We listen for the water?s edge
 We listen for the edge
 Earth reco-vering
 Twen-ty million years
 In silent time
 Strange new life, strange new life will appear

North and South Poles
 Green flow of trees
 Lands drif-ting toward water lands
 Drifting toward land
 Lands drifting toward land
 Earth recovering
 Twen-ty million years
 In silent time
 Strange new life, Strange new life will appear
