

# Canto do Jovem - Encontro Sideral

Tom: A

m [Intro] C F C

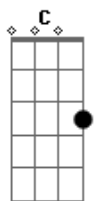

Quando unimos nossos corações  
 Recebemos a eterna luz do amor  
 Que nos leva em outras dimensões  
 Onde Deus perfuma cada flor  
 Nesse encontro, os astros infinitos  
 Se abraçam na sublime harmonia  
 O espírito alcança outras esferas  
 E o sentimento transborda em alegria

Somos jovens no bem  
 Jovens no ideal  
 Jovens luz do universo  
 Nesse encontro sideral  
 Somos jovens pra amar  
 Jovens na profunda amizade  
 Entre nós, o amor revela  
 Toda simplicidade
