

Capim - Arueira

Tom: E

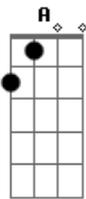

Eu rolo no teu colo
 Te aconselho não dormir demais
 A noite é uma selva de silêncio
 As duas da manhã da semana inteira
 Eu volto para casa em paz
 Eu rolo quando eu domo

Teus sentimentos ancestrais
 O estralo da madeira prevendo o tempo
 A sensibilidade da dor no corpo Querendo falar
 Que a chuva vem chegando em silêncio
 Praticamente cru É o gosto do sangue
 O credo que seduz nos corrompe
 Em plena flor, em plena dor, um rasgo eu sou
 E espero a luz de ti
