

Capital Cities - One Minute More

Tom: **D**

A
Don't wait for an invitation
D7
No need for reservation
A
This life is an exploration
D7
And you gotta see what I see in you

(Chorus)

A
I can't wait one minute more
D7
The sun does shine
The sun does shine
A
We can't wait one minute more
D7
The sun does shine
The sun does shine

A
Just think of a destination

D7
I'll be your transportation
A
We'll find there's a kind of place
D7
That can only be seen with the naked mind

A
I can't wait one minute more
D7
The sun does shine
The sun does shine
A
We can't wait one minute more
D7
The sun does shine
The sun does shine

Bm **D**
There's a key that opens the door
D
Will you find it and turn it?
Bm **D**
Take your time, don't take too long
Bm **D**
There's a map that's washed ashore
D
Will you find it and burn it?

A
Unleash your imagination
D7
Two stars, one constellation
A
Bright lights just to guide the way
D7
Can you see what I see in you?
