Amor é amor
 De todas as formas
 De todos os jeitos
 O afeto transforma
 Cura preconceitos
 Cultiva harmonia
 Em tons de azul
 Amor é amor
 De todas as formas
 De todos os jeitos
 O afeto transforma
 Cura preconceitos
 Cultiva harmonia
 Em tons de azul
 É a luta que conduz transformação
 Esperança emancipar
 Liberdade e igualdade a disseminar

Amar sem precisar se esconder
 Amar do jeito que quiser ser
 Amar, só o que basta é amar
 (A Aadd9 A Gb7)

Vem brincar de boi de azul
 Ser livre para sonhar, sorrir
 Todas as formas de amor
 São bem-vindas aqui
 Vem brincar de boi de azul
 Ser livre para sonhar, sorrir
 Todas as formas de amor
 São bem-vindas aqui
 (A Aadd9 Eadd9 B Badd9)

?É o canto da diversidade
 Que rasga um pacto de silêncio
 Opressão, dor e repressão

Para desatar em arte e poesia
 O brado de libertação
 Emancipação, luta e revolução
 Viva a diversidade dos povos da floresta!?
 (Eadd9 Dbm A Gbm F G)
