

Car Seat Headrest - Joe Goes To School

Tom: Eb

G Dm C7M
I saw a horse and it saw me
G Dm C7M
You know their skulls are so crazy but they still can see
G Dm C7M
It had big brown eyes, shining and sad
G Dm C7M
It was just a horse, I couldn't tell if it was sad or not

G Dm C7M x2

G Dm C7M
I held out my hand like there was something in it
G Dm C7M
Managed to touch it, it did not seem interested
G Dm C7M
Then a car pulled up, so I split the scene
G Dm C7M
I am a tourist attraction biking down DoG Street
