

Carlie Hanson - Only One

Tom: Ab

Intro: Db Ab Fm Eb Cm

I don't wanna be alone, so come show me what you know
 Baby, you're all that I need

I don't wanna be alone, so we can't just let this go
 You know I'll be all you need

Staying up real late
 I miss you next to me
 I know you're not alone
 Probably with some girl you don't know

I'm the only one who truly knows you best, baby
 Don't forget the things we did to put our minds at ease
 I'm the only one who truly knows you best, baby
 Don't forget the things we did to put our minds at ease

I'm the only one
 I'm the only one

I don't wanna be apart, I'll be careful with your heart
 Cuz I wear mine on my sleeve
 I don't wanna be apart, so let's go back to the start
 You know that's where I'm gonna be

Staying up real late
 I miss you next to me

I know you're not alone
 Probably with some girl you don't know

I'm the only one who truly knows you best, baby
 Don't forget the things we did to put our minds at ease
 I'm the only one who truly knows you best, baby
 Don't forget the things we did to put our minds at ease

I'm the only one
 I'm the only one
 I'm the only one who truly knows you best, baby
 Don't forget the things we did to put our minds at ease

We were always together, I know I made you feel better
 We loved, loved, yeah we loved without caution
 We were always together, I know I made you feel better
 We loved, loved, yeah we loved without caution

I'm the only one who truly knows you best, baby
 Don't forget the things we did to put our minds at ease
 I'm the only one who truly knows you best, baby
 Don't forget the things we did to put our minds at ease

I'm the only one
 I'm the only one
 I'm the only one who truly knows you best, baby
 Don't forget the things we did to put our minds at ease
