                           tom:
                  A (forma dos acordes no tom de G )
Capostraste na 2ª casa

           C                          Am
I miss my mom but I don't call her enough
 E                              F
But I still got time to get higher than the sun though
 C                        Am                   E
I go to parties but don't know how to talk, how to talk
         F
But you either

C                     Am
I overthink until I can't open up
E                         F
So we just lay here fading into our thoughts, oh
C                     Am                       E
You say you're okay but I know that you're not, no, you're
not, oh
         F
But me either

            C
I see you two, three times a week
          Am
Ain't got no money in my jeans
            E
So help me out, I need to breathe
 F
Help me out, I need to breathe
                 C
Take a ride inside your whip
          Am
I pass the aux, you pass the spliff
            E
We can escape into the bliss
        F
Escape into the bliss

C               Am        E           F
I don't need nothing but you and your toxins
C               Am        E           F
I don't need nothing but you and your toxins
F
Toxins, toxins

 C                          Am
I know my iPhone might be bad for my health
 E                              F
But when it's dying, feel like dying myself
 C                        Am
Am I insane or just like everyone else?
              E
I grow numb, I grow numb
```

      F
I don't know where it comes from
                C
It happens two, three times a week
                    Am
Ain't got no money in my jeans
                E
So help me out, I need to breathe
      F
Help me out, I need to breathe
                 C
Take a ride inside your whip
               Am
I pass the aux, you pass the spliff
              E
We can escape into the bliss
            F
We can escape into the bliss

 C              Am        E           F
I don't need nothing but you and your toxins
 C              Am        E           F
I don't need nothing but you and your toxins
 F
Your toxins

Toxins, toxins
 C           Am             E
Yeah you, just you and, just you
 F
Toxins, toxins

 C                    Am
Two, three times a week
 E               F
No money in my jeans

I don't need nothing but you and your toxins
     F
Toxins, toxins
 C        Am       E
Baby, no baby, no uh oh
              F
I know you do too
