

Carly Rae Jepsen - Emotion

Tom: G

Be tormented by me babe
 Wonder, wonder how I do
 How's the weather? Am I better?
 Better now that there's no you?
 Drink tequila for me babe
 Let it hit you cool and hot
 Let your feelings be revealing
 That you can't forget me
 Not a flower on the wall
 I am growing ten feet, ten feet tall
 In your head and I won't stop
 Until you forget me, get me not
 In your fantasy, dream about me
 And all that we could do with this emotion
 Fantasy, dream about me
 And all that we could do with this emotion
 This emotion, I feel it
 This emotion, you feel it
 All that we could do with this emotion
 Paint a picture for me, boy
 Where the sky's forever blue
 Tell me there is nothing
 I can't have and nothing you won't do
 Toss and turn without me, boy
 Let it hit you cold and hot

All my kisses, say you'll miss it
 And you can forget me
 Not a flower on the wall
 I am growing ten feet, ten feet tall
 In your head and I won't stop
 Until you forget me, get me not
 In your fantasy, dream about me
 And all that we could do with this emotion
 Fantasy, dream about me
 And all that we could do with this emotion
 This emotion, I feel it
 This emotion, you feel it
 All that we could do with this emotion
 What if I turn the lights right down?
 I feel it
 What if I turn the lights right down?
 You feel it
 You and me in the dark right now
 I feel it
 In your fantasy, dream about me
 And all that we could do with this emotion
 Fantasy, dream about me
 And all that we could do with this emotion
 This emotion, I feel it
 This emotion, you feel it
 All that we could do with this emotion
