D
Let's look at pictures from 2013
A
And talk out of our asses
Of who we used to be

D
You've been inside my thoughts ever since
A
I could even write you a sin
If you're sick of the tragedies

D
Of this town
I feel down
Playing EarthBound

A
And not wanting to be found
D
I think you've had enough

A
From that phone call
I remember that you said that we should

D
Settle down, settle down
A
Settle down, I'm on my way
Maybe we should

D
Settle down, settle down
A
Settle down, I'm on my way

D

I miss those afternoons we spent on the couch
A
Hiding from your dad
While he walked around the house

D
I probably think about this too much
A
But how much is too much?

D
We broke up
I broke down
I'll shut up
And make sounds

A
But you won't even care
If I sing about the colors of your hair

D
(I wish I could live this again)

A
So I could write the same song for the same girl
From the same five years ago, but won't you

D
Settle down, settle down?

A
Settle down, I'm on my way
Maybe we should

D
Settle down, Settle down
A
Settle down, I'm on my way
Oh, won't you

F
Settle down, settle down?
A
Settle down, I'm on my way
