

Carol Biazin - Treacherous

```
Tom: Db
(forma dos acordes no tom de G )
Capostraste na 6º casa
            G
Put your lips close to mine
As long as they don't touch
Out of focus, eye to eye
Till the gravity's too much
And I'll do anything you say
If you say it with your hands
And I'd be smart to walk away
But you're quicksand
This slope is treacherous
This path is reckless
This slope is treacherous
And I, I, I like it
(GDEmC)
I can't decide if it's a choice
              C
Getting swept away
I hear the sound of my own voice
```
