I've been thinking about you

And all that we loved and lived and did is kinda crazy  
Bm E  
It's been months but years in my head  
A D D7M  
Remember the day we met, but now its all we have

[Pre-Chorus]  
Dbm D  
Tell me how to go  
Bm  
I can't forgive you  
E A  
It's so hard to forget you, 'cause I wanna make you stay  
D D7M Bm  
Tell me how to go, please make this stop  
E  
It's just everything's so slow, it's causing me to lose control

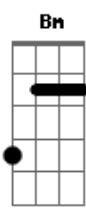

[Chorus]  
E A  
And I don't wanna lie in my bed anymore  
D  
'Cause there is where you slept  
D7M Bm  
By my side, till you're gone  
E A  
And I didn't realized that I'd missed you this much  
D  
Seems like you cursed my heart  
D7M  
With your careless touch

[Verse]  
Bm  
Give all my time back  
E  
And everything I gave you  
A D D7M Bm  
All the love and the money I spent with you  
E  
But even so, this feeling's still here  
A  
With no more tears left to cry

"Let's make this clear"
