

# Cash Cash - Surrender

tom:  
Capostrate na 1ª casa

[Solo]

I was running on an empty heart  
Not a trace of gasoline  
Trying to dim every single spark  
That could hurt, that could burn all of me  
Like a soldier on the battleground  
Lying wounded on the field  
I was fighting alone with a broken sword  
Now I'm caught in a war with no shield  
If you hold me now and leave me never  
Say you'll stay with me forever

Then I\_\_ surrender, surrender  
If you hold me now and leave me never  
Say you'll stay with me forever  
Then I\_\_ surrender, surrender  
( F G F G F G )  
Surrender, surrender  
I pushed and pulled all the ones that tried  
Then I watched them fade away  
As I look around a vacant room  
I see nobody left here to blame  
Cause I made myself a prisoner  
Shackled up by all my fears  
But I feel you breaking away at the walls  
Make them fall make them all disappear  
Ooh Ooh Ooh Ooh Ooh Ooh Ooh, Surrender
