

Cássia Eller - Gatas Extraordinárias

Tom: G

E
 O amor me pegou
 E eu não descanso enquanto não pegar
 Aquela criatura
 Saio na noite a procura
 O batidão do meu coração
 Na pista escura
 Se pego, ui Me entrego e fui
 Será que ela querará
 Será que ela quer
 Será que meu sonho influi

Será que meu plano é bom
 Será que é no tom
 Será que ele se conclui
 E as gatas extraordinárias
 Que andam nos meios onde ela flui
 Será que ela evolui Será que ela evolui
 E se ela evoluir
 Será que isso me inclui
 Tenho que pegar, tenho que pegar
 Tenho que pegar essa criatura
 Tenho que pegar, tenho que pegar
 Tenho que pegar
