

# Cassie Lucena - Far Away

tom:

**G**

Someone told me **C7** **Am**  
 That you would hold me **E** **G**  
 Pull me close to you **C7** **Am**  
 I've never seen you **E** **G**

**C7** **Am**  
 You make me happy **E** **G**  
 Sometimes unhappy **C7** **Am**  
 I'm falling again **E** **G**  
 I'm breaking down in pain

**C7** **Am**  
 I smoke a cigarette **E** **G**  
 You, me and my cat **C7** **Am**  
 Please, hold my hand **E** **G**  
 If you don't understand

**C7**  
 You're gone gone, far away **Am**  
 But you came with a story to say **E**  
 Don't call for my name **G**  
 Because we're not the same

**C7**  
 I don't care about anyone **Am**  
 You will always be my number one **E**

Kiss my head, and let me go **G**  
 We could be like, like a souls **G**

**C7** **Am**  
 Teach me how, to play golf **E** **G**  
 I don't bite, like a wolf **C7** **Am**  
 You go through the door **E** **G**  
 Throw your clothes on the floor

**C7** **Am**  
 Please take me to rome **E** **G**  
 I don't want to be alone **C7** **Am**  
 You are my little quarantine **E** **G**  
 I'll take you out, in my limousine

**C**  
 But now **C7**  
 I gone gone, far away **Am**  
 Without a story to say **E**  
 Don't call for my name **G**  
 Because I'm not the same

**C7** **C7**  
 I don't care about anyone **Am** **Am**  
 You always be my number one **E**  
 Kiss my head, and let me go **G** **G**  
 We could be like, like a souls
