

Cássio Gava - Johnny

Johnny, Johnny, tão unha e carne sem motivo algum
Saiu pra fumar
Morreu de vergonha de viver pra ser mais um
Não me abandone, Johnny
Sonhou meus sonhos todos um por um
Sua voz de hortelã
Capaz de esfriar toda essa dor sobrecomum
Por favor, Johnny.

O antes era
Doce, mas se foi
A natureza mudou sua ordem
Por favor, me acordem!

Acordem o insone!

Johnny, Johnny, saiu quietinho cantando pneu
Só me disse amém
Privei tais lembranças muito doces pra que eu
Não me emocione, Johnny
O céu da noite choveu sobre o chão
Mas pela manhã
Sua voz trovejou, nasceu um pé de hortelã
E disse: sonhe!

Nossas lembranças
Não me lembro mais
Se embarlham, ficaram em desordem
Por Deus, me recorde
Because I'm so lonely
