

# Casü - care

tom:  
Capostrate na 4ª casa

Intro: CARE

[Verso]

I go to work so worried baby  
Dark times you've been going through  
Im overthinking ?and Im losing, bae  
Cause I can't even stand the thoughts

They think we should find a loony bin  
So we could live just how we like it  
Well I wish I had the money bae  
Your tears, oh they make me suffer

[Pré-Refrão]

I close my eyes and I see your face  
You are crying for help, and I, I could die to help you  
I'll fix my mind and I'll try to fight all my demons  
with my left hand  
The "right one" is all yours

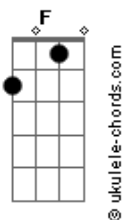

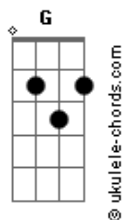

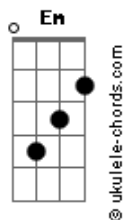

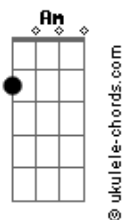

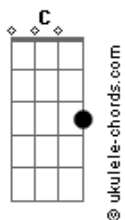

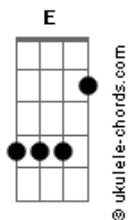

[Refrão]

Im gonna hide every knife in the house  
Im gonna hide anything you can use to hurt yourself  
Im gonna climb any mountain to find anything  
that can make you feel a little better

[Verso]

I do my chores so mechanically  
Cause I cannot give up on us  
I'll feed you like a bird if you need  
I'll break the law if I have to

## Acordes

Some say we gave our back to the world  
Did we? no one tried to stop us  
We've cracked the code now we're living free  
Don't wanna be a part of it

[Pré-Refrão]

I close my eyes and I see your face  
You look pretty as fuck baby, even when you're crying  
And I am trying not to be always high  
I swear that i will be wide awake anytime you  
need me

[Refrão]

I'm gonna hide every knife in the house  
I'm gonna hide anything you can use to hurt yourself  
I'm gonna climb any mountain to find anything  
that can make you feel a little better  
hide every knife in the house  
I'm gonna hide anything you can use to hurt yourself  
I'm gonna climb any mountain to find  
Anything that can make you feel a little better

[Final]

The end may be soon, i know baby  
Don't think we should ever slow down  
Well i'm not gonna just watch you leave  
I'll go with you all the way  
All the way
