

# Cat Power - 3, 6, 9

tom:

[Primeira Parte]

I feel, I feel tired, awake all night  
 Head so heavy like a wastebasket

I feel a choke, emotionally broke  
 Here on my belly in the still

Of the night I feel alone

I want out, I want on my own

I want everything I own

I find letters, pictures

Memories of what you can't seem to let go

In your bedside table, in your pocket

In your wallet, you know

[Segunda Parte]

Abusive, a stranger in bed

Elusive, forget everything you said

You got a right to have that hand on your arm

But the moment you hit it you're on your own

You already took over

You want now, you want to hit the road

Your love is like a steamboat running on a need to float

I don't need 5 times a day to tell me to go

[Refrão]

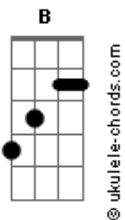

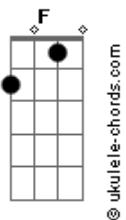

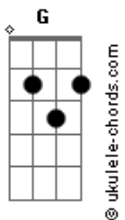

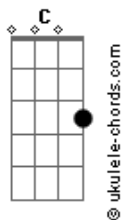

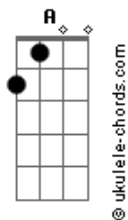

3, 6, 9, you drink wine

Monkey on your back, you feel just fine

3, 6, 9, you drink wine

Monkey on your back, you feel just fine
