

Cat Stevens - How Many Times

Tom: G

G D C D G
How many times must I get up
D C C D G
Look out and see the same old view
D C
How many times must I wear the same old things
D C Am D G
And hear the same old things that I do, I do
D C D G
How many times must I clean this face my face
D C D G
And how many times must I shine my shoes, oh Lord
D C
How many times must I drink the same old drink
D C Am

And dream the same old dreams that I do

(refrão)
D G D C
Because I, I know one thing
D G D C
There ain't nothing that could ever ease the pain
D G D C G D
But for your line and mine
C Am D G
I want that loving again, again

How many times must I pass your place. your place
And how many times must I follow you, you
How many times must I see the same old things
When all I should be seeing is you

(refrão)
