

Catch Your Breath - Shame On Me

tom:
 If I close my eyes
 I can see the home you built inside my mind

And I let it

[Primeira Parte]

Did you write me off?
 Did I care too much?
 Can we call this love?
 Are we too far gone?
 Have we had enough?
 You know it's not like you
 To go and sugarcoat the truth

I see it on your lips
 Your midnight trips

What's going on

[Pré-Refrão]

Tell me now, tell me how
 I'm breaking down and you're just fine

[Refrão]

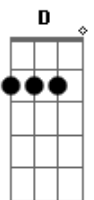

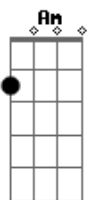

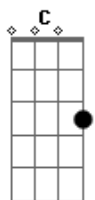

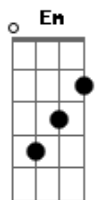

If I close my eyes
 I can see the home you built inside my mind
 And I let it come to life
 Let it set down roots where there was once a spine

Shame on me

Shame on me

[Segunda Parte]

Acordes

Behind your walls (Behind your walls)
 Are you listening at all? (Listening)
 'Cause if I can't get through
 I'm stuck like you, I can't move on
 I try and try but if I
 [Refrão]
 If I close my eyes
 I can see the home you built inside my mind
 And I let it come to life
 Let it set down roots where there was once a spine
 Shame on me
 [Ponte]
 (Shame on me)
 You run away when you just can't face it
 Hide in the dark but you know you hate it
 Made me believe in a life you didn't want
 Shame on me
 (Shame on me)
 [Pré-Refrão]
 Tell me now, tell me how
 I'm breaking down and you're just fine
 [Refrão]
 If I close my eyes
 I can see the home you built inside my mind
 And I let it come to life
 Let it set down roots where there was once a spine
 Shame on me
