

Catfish And The Bottlemen - Cocoon

Tom: Bb

(com acordes na forma de G)

Capostrate na 3ª casa

Intro: C

I fell straight into your arms
Like a drunk who's been on it
All morning, and the sun's up
And my head's fucked
And immediately I grab you
You go all red like the first time
I love it when you do that
God, I love it when you do that. I remember when we...

Swapped names and I thought maybe
You'd stay and try and outdrink me
And your friends all hated it

Fuck it if they talk
Fuck it if they try and get to us
Cause I'd rather go blind
Than let you down

I cocoon round your shoulders
When you're half cut, and you're frozen
And you've got that visible breathin'
You're dependin' on me again, I remember when we

Swapped names and I thought maybe
You'd stay and try and outdrink me

And your friends all hated it

Fuck it if they talk
Fuck it if they try and get to us
Cause I'd rather go blind
Than let you down
Fuck it if they talk
Fuck it if they try and get to us
Cause I'd rather go blind
Than let you down

And if you wanna shut down and pose as positive

Hide smoking from relatives and
Rest on me, Honey, that's alright

And if you wanna act more drunk than usual
To help you get away with more than
Rest on me, Honey, that's alright

JAM: C C Em Em (2x)

Fuck it if they talk
Fuck it if they try and get to us
Cause I'd rather go blind
Than let you down

I remember when we swapped names and I thought maybe
You'd stay and try and outdrink me
Your friends all hated it
