

# Catie Turner - I Luv Him

tom:

Intro: F G C Am

[Primeira Parte]

He's what I want

But I'm not what he needs

He needs to wake up and look in the mirror

And like just what he sees

[Segunda Parte]

And it kills me

That I have to leave

To watch him go get better

'Cause I'd set myself on fire

If it meant he'd come back after

[Pré-Refrão]

Because I love him

I love him

That's why I'm letting him go

I love him and I want him

But we both need time to grow

[Refrão]

And if the world was kind

I could make him stay

It pains me to think of a girl

Who gets to trace his veins

I love him

But it's better off this way

We had the best time

And he was all mine

And I never wanna leave

We'd stay up all night

And when he drifts off

I can't help but watch him sleep

Oh he's so beautiful

And I tell him all the time

I never said words more true

I'll stand by them untill I die, oh

I love him

I love him

That's why I'm letting him go

I love him and I want him

But we both need time to grow

And if the world was kind

I could make him stay

It pains me to think of a girl

Who gets to trace his veins

I love him

But it's better off this way

Oooh, mmhmm, mmhmm, hmmm

I love him

I love him

So I have to let him go

I love him and I want him

I only hope he finds his growth

And if the world was kind

He would wanna stay

And if there's a next one

I hope she can love him the same

I don't know, doesn't feel better off this way

Ooh, I can only pray

Ooh
