

# Cavetown - Dear

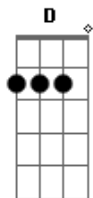

tom:

**D**  
Everyone's got a thing  
A thing they don't like  
A thing that makes them stare in front of the sink  
With tears in their eyes  
Everyone's got a thing  
Maybe they won't cry  
Maybe they can't even bear to utter the words  
The doctor prescribed  
I won't even lie  
I'm screaming inside all the time  
It seems like a breeze  
It feels like a dream  
But I don't wanna die

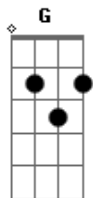

**G**  
She can't stop hurting herself and  
**Em**  
He won't look in your eyes  
**C**  
Friend, I knew every time you were lying  
**Dadd9**

And he got himself messed up with the wrong guys  
**G** Everyone's got a thing **Em**

I don't wanna wake up sometimes **B** **Em**  
And I don't wanna sing **Am** **Dadd9**  
And I don't care what happens tonight **B** **Em**  
As long as I feel something **Am** **Dadd9**  
(I don't wanna wake up sometimes **B** **Em**  
And I don't wanna sing **Am** **Dadd9**  
And I don't care what happens tonight **B** **Em**  
As long as I feel something) **Am** **Dadd9**
