

# Cavetown - I Promise I'm Trying

Tom: G

Intro: C G  
C G

C G  
I'm not really sure if my words make sense to you  
But I can't really find  
C G  
Any other way to form these feelings into cubes  
And sort them in my mind  
C G  
The negative thoughts go on the left  
And the happy things on the right  
C G  
And there's a little corner saved just for you  
Em C  
Please let me know if you change your mind  
Cause inside I'm falling  
G D  
And I need you to pull me out of this decline  
Em C  
I realise how hard on you this must seem  
But trust me  
G D  
When I say its far, far worse for me  
G C  
Please, please be here for me dear  
Cause I've never needed a friend more  
Em C  
And I cant stress enough how much it means to me that you're  
trying  
G C  
And I don't mind if you can't hold me like you used to  
Em  
Cause I've never hated myself more  
C  
But this is just a bump in the road and I promise I'm trying

C G  
Give me a moment to get my cards in line  
Cause I'm still trying to figure out  
C G  
In what kind of order I should set them out  
C G  
If there was a way to explain everything without a word  
C G  
I'd have a full house right now without a doubt  
Em C  
I'm trying to tear the wool from your eyes  
G  
But a part of me wants to let you be  
D  
Cause then you wouldn't see what I've become  
Em C  
I'm trying to shout but no sound comes out  
It's like we're in a dream state  
G D  
But I should've woken up, woken up by now  
G C  
Please, please be here for me dear  
Cause I've never needed a friend more  
Em C  
And I cant stress enough how much it means to me that you're  
trying  
G C  
And I don't mind if you can't hold me like you used to  
Em  
Cause I've never hated myself more  
C  
But this is just a bump in the road and I promise I'm trying  
( G C )
