Welcome to midnight
 Screams when I open my eyes
 Premeditated isolation
 And it still bites
 Welcome to real life
 Time doesn't matter and you're gonna die
 Drip drop it goes through the holes in your skull
 In the night time they grow

In the night time they grow

(E A E A)
 (E)

Leave if you're sure
 When it comes to this you know better than you think
 And don't tell me it's fine
 Don't tell me I'm wrong
 Because the faker the hope
 The more painful the song
 Get it in your thick skull
 Of course it won't be easy
 It's just the way it is deal with it I'm tired of whining
 These are just things that I hammer into my skin
 In the night when the sky looks like my
 Knuckles and my eyes
