

Celina Sharma - 24/7 (Feat. Harris J)

tom:
 Can we just sit down
 Have a little conversation
 Yeah, I wanna talk it out
 ?Cause I'm all up in my feelings
 I never felt this before
 And I just wanna feel some more
 It used to keep casual
 Now I wanna just be yours
 Can we sit down?
 Try to have little conversation
 See, you got me all in my head
 Every day with you is like the weekend
 I try to quit, but truth is I don't want to
 Yeah
 'Cause twenty-four seven I'm thinking about you
 'Cause twenty-four seven I'm thinking about you
 You, you, you, you, you, you, you, you, you
 Twenty-four seven I'm thinking about you
 You, you, you, you, you, you, you, you, you

F
 ?Cause twenty-four seven I'm thinking about you
 C
 Staring at the clock
 Had I guessed we're diamond patient
 I know you just left
 But I'm missing you like crazy
 I usually don't get this far
 Always cut them off before
 My heart gets in too deep
 I'mma let you in too deep
 Now tell me how's that for a little motivation
 See you got me all in my head
 Every day with you is like the weekend
 I try to quit, but truth is I don't want to
 Yeah
 'Cause twenty-four seven I'm thinking about you
 'Cause twenty-four seven I'm thinking about you
 You, you, you, you, you (thinking about you) you, you, you,
 you, you
 Twenty-four seven I'm thinking about you, oh
 I've been thinking about you
