Can we just sit down C

Have a little conversation Em

Yeah, I wanna talk it out Am

?Cause I'm all up in my feelings F

I never felt this before C

And I just wanna feel some more Em

It used to keep casual Am

Now I wanna just be yours Am

Can we sit down? F

Try to have little conversation

See, you got me all in my head C Em

Every day with you is like the weekend Am F

I try to quit, but truth is I don't want to C Em

Yeah

'Cause twenty-four seven I'm thinking about you Am

'Cause twenty-four seven I'm thinking about you F

You, you, you, you, you, you, you, you, you, you C Em Am

Twenty-four seven I'm thinking about you F

You, you, you, you, you, you, you, you, you, you C Em Am

F

?Cause twenty-four seven I'm thinking about you

C

Staring at the clock

Had I guessed we're diamond patient Em

I know you just left Am

But I'm missing you like crazy F

I usually don't get this far C

Always cut them off before Em

My heart gets in too deep Am

I'mma let you in too deep

Now tell me how's that for a little motivation

C Em

See you got me all in my head

Every day with you is like the weekend Am F

I try to quit, but truth is I don't want to C Em

'Cause twenty-four seven I'm thinking about you

F

'Cause twenty-four seven I'm thinking about you C Em Am
