tom:
Capotraste na 4ª casa
Intro: E A E B

You are a wildfire and I wanna be your oxygen
You are a dreamer and I'll be the arms you're sleepin' in
You are a butterfly and I wanna be your blue sky
You are a gypsy and I'm on your passenger side

Wherever you go, oh, I'll be
When you need me close, oh, I'll be
No, you won't be alone
Through the highs and the lows
You know you got me
Wherever you go, oh, I'll be

You are an angel and I wanna be your messenger
You are the lightnin' and I wanna be your thunder
You are a shooting star and I wanna be your night sky

If you're ever lost, babe
You just gotta close your eyes

Wherever you go, oh, I'll be
When you need me close, oh, I'll be
No, you won't be alone
Through the highs and the lows
You know you got me
Wherever you go, oh, I'll be

(Whoa, oh, whoa, oh) i'll be
(Whoa, oh, whoa, oh)
Wherever you go, oh, I'll be
When you need me close, oh, I'll be
No, you won't be alone
Through the highs and the lows
You know you got me
Wherever you go, wherever you go, I'll be
